

Nutriquire™ + terrasym®

Nutriquire + Terrasym is a synergistic combination of spore forming microbials and siderophore producing pink pigmented facultative methylootrophs (PPFMs) applied in the planter box providing ease of use, improved plant nutrient uptake and ROI.

POWERED BY
Dust

Key Benefits

- Improved soil nutrient uptake
- Allows for greater iron and manganese uptake
- Aids in stress mitigation and nutrient use efficiency

Safe Handling Instructions:

- Keep out of reach of children
- Avoid contact with skin, eyes and clothing
- Avoid inhalation of powder
- Wash any contamination from skin or eyes immediately
- Wash hands directly after use

Directions For Use

Individual/Single Row Units Application 0.5oz/unit of seed

- Remove provided scoop from packaging
- Using the scoop and application rates listed sprinkle Nutriquire + Terrasym into the individual/single row unit and stir gently for uniform seed coverage
- Apply one half (1/2) scoop for every one (1) unit of seed

Bulk Application

- Mix product into recommended units of seed, alternating between pouring seed and product for uniform seed coverage
- For Bulk Application use scoop to sprinkle powder on seed into large black "Pro-Box" and mix in before putting seed in tender
- Or apply in "seed pool" at the base of the auger when seed is moving up into planter

Soybeans

Soybean Packaging Size: 20 oz

Minimum Guaranteed Analysis:

Active Ingredients:

Methylobacterium hispanicum	1x10 ⁹ cfu/g
Bacillus subtilis	1x10 ⁴ cfu/g
Pseudomonas putida	1X10 ⁴ cfu/g
Humic Acids (derived from Leonardite)	00.03%

Total Inert Ingredients 98%

Storage:

Store in tightly closed original container in a dry, cool and well-ventilated place. Do not exceed 80°F. Keep container closed when not in use. Keep out of reach of children and animals.

Shelf Life:

Product is stable for 18 months from date listed on package. See package for production date.

Disposal Process:

Dispose of contents/container in accordance with local/regional/national/international regulations.

Notice:

Seller warrants that the product conforms to its biological description but makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Consumer assumes all risk of use of this material when such use is contrary to the label directions.

LIMITED WARRANTY

The Seller warrants that this product contains the minimum number of microbial viable cells as specified on this label. The Seller makes no other warranty expressed or implied as to product viability or performance since product storage, use, and growing conditions are beyond the Seller's control. Seller's limited warranty is limited to the terms set out on the label and subject thereto. Buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition. Seller shall not be liable for special, indirect, incidental or consequential damages. If this product does not perform as warranted above, and to the extent consistent with applicable law, customer's sole remedy for breach of warranty shall be replacement of the product or refund of the purchase price paid, at the option of YieldMaster Solutions™.

EXCEPT AS PROVIDED ELSEWHERE IN WRITING CONTAINING AN EXPRESSED REFERENCE TO THIS WARRANTY AND LIMITATION OF DAMAGES, SELLER MAKES NO OTHER EXPRESSED OR IMPLIED WARRANTY OR GUARANTEE TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, INCLUDING ANY OTHER EXPRESSED OR IMPLIED WARRANTY OF FITNESS, NON-INFRINGEMENT, OR OF MERCHANTABILITY, AND NO AGENT OF SELLER IS AUTHORIZED TO DO SO.
