

# Calf Electrolytes™

Also Available In Controlled Gel-Action Formula

#### with SPECIAL DIRECT-FED MICROBIALS

A Source of Live, Viable, Naturally Occurring Microorganisms

#### **DESIGNED FOR CALVES**

Merrick's Blue Ribbon Calf Electrolytes are a supplemental source of electrolytes and nutrients specifically designed for calves.

#### A WINNING COMBINATION

Both Blue Ribbon Calf Electrolytes Regular and Gel are formulated to provide supplemental sources of electrolytes, nutrients and directfed microbials in one product. This specific combination of proven ingredients helps to optimize water and electrolyte absorption in calves.

### **FEATURES**

- ★ Highly palatable.
- ★ Contains supplemental electrolytes/nutrients.
- ★ Contains inulin and glutamine for intestinal health.
- ★ Formulated with direct-fed microbials at guaranteed levels.
- ★ 4 oz individual packets are available 12 per box or 72 per 18 lb pail for easy single dose mixing.
- ★ Bulk product is packaged in cases of 4-5 lb pails, 25 lb pails or 100 Ib drums for better economics to larger users.

#### **GUARANTEED ANALYSIS**

Sodium, minimum	5.5%
Sodium, maximum	6.5%
